

## Requesting for Zaqat

Dear donors and well wishers, Assalamo Alaikum

From the past one year, Helping Hands has been trying to stand by the side of the working people of the society, poor students, poor patients, helpless families and people from more walks of life. In the past year, during the lockdown, we helped to deliver food from house to house & also helped poor people with clothes. Sometimes we handed over the money to buy books for the poor meritorious students to study and sometimes we provided blood to the blood bank by camping during the blood shortage. The love and blessings of such people have made us more focused on this work. We are planning to hold a clothing distribution event next month, so we urge you to send your donations to the following bank accounts as much as you can. Looking forward to your cooperation and sympathy.

Ameen

Mahabub Rahman (President), Sk Ibrahim (Secretary)
